

SUMMERVILLE

Family Health Team

VISION

In a context of mutual respect and understanding Summerville FHT will work effectively in caring for our patients and in improving access in our community. We will build a primary care team that supports the prevention of disease and enables patients with chronic illness to enjoy a better quality of life. We will integrate our FHT with other providers and services in the community.

Strategic Priorities 2016-2019

Excellence in primary care and enhanced programs

- Patient Roster Growth
- Enhance Programs
- Increase Home Visits
- Quality Improvement & Patient Safety
- Family Medicine Teaching Unit

Access to appropriate care

- Open Access
- After Hours Clinics
- Program Accessibility
- Work with Community Partners
- Strategic Leadership & Participation

Sustainable funding

- Maintain Funding
- Program & Project Funding
- Other Funding Opportunities

High performing organization

- Strong Governance
- Efficient Operations
- Data & Research Capacity
- Staff Recognition & Retention
- FHT – FHO Collaboration

MISSION

Summerville Family Health Team (FHT) provides primary care that strives to:

- Be accessible and patient-centred
- Be comprehensive and evidenced-based
- Emphasize prevention and education
- Improve the management of chronic illness
